Summary:

Make the most of every student's unique learning styles, interests and preferences. By differentiating instruction, teachers can reach all the students in their classroom, from struggling students to the gifted.

Based on a case study of the work that the authors experienced at one remarkable primary school, *Differentiation at Work, P-5* describes what schoolwide differentiation looks like in real classrooms.

Lane Narvaez and Kay Brimijoin show school administrators how differentiated instruction can be successfully implemented to provide teachers with the authentic tools that they need in the classroom. This hands-on resource contains a variety of lessons and exercises to help teachers as they seek to differentiate in their classrooms.

Discover how increased student motivation and achievement can become a reality when the entire school focuses on making differentiation work.
