## Summary:

This comprehensive collection features research-based mathematical tasks that appeal to students and connect to their daily lives. Using assessments linked to state and territory standards and carefully crafted rubrics that cover all Primary year levels and mathematics topics, teachers can:

- Analyse the learning components of each task and show individual levels of success
- Adjust instructional strategies for an entire class or target individual learning needs
- Maintain a focus on accessibility and equity for all students
- Develop and refine students' mathematical thinking skills and prepare students for high-stakes tests.

*Tasks and Rubrics for Balanced Mathematics Assessment* is a powerful tool for providing meaningful instruction, building of students' confidence, as well as increasing their skill in mathematics!
