Code: CO6330
RRP: \$39.95
Format: 180x255, 202 pages
Age Range: Years 5–12
Category: **ICT Resources**
Subject: Professional Development

Summary:

Digital media present powerful tools for engaging students in developing critical thinking, collaboration and other 21st-century skills. Written for year 5–12 teachers, this resource explores the relationship between students and digital media and shows how to design learning opportunities that harness today's technology. Jessica K. Parker gives teachers a deeper understanding of the dynamic potential for increasing student learning through new technologies. This revised Australian edition includes descriptions of digital tools, vignettes about how young people use digital media, advice for novice and expert teachers, and sample activities. Teaching Tech-Savvy Kids shows how to integrate digital media into your classroom and create more engaged, student-centred learning opportunities.
