

Inquire Within: Implementing Inquiry-Based Science Set

Authors: Douglas Llewellyn

Date Available:	26 November 2008
Code:	CO6360
RRP:	\$60.00
Age Range:	P-6, 5-9, Professional Development
Category:	Science
Subject:	Science

Summary:

Inquire Within focuses on showing teachers how to implement inquiry activities using the three "R's" - restructuring, retooling and reculturing. Offering ready-to-use inquiry lessons and teacher-friendly materials for students from Years 3–8, this edition's updates include: Three aspects of inquiry promoting content knowledge, science process skills and positive attitudes; a new chapter of suggested investigations with full teacher notes; strategies for using inquiry methods with English Language Learners and special education students; and activities that incorporate technology. The Facilitator's Guide helps staff developers and workshop leaders facilitate book study groups, seminars and events that demonstrate how to implement inquiry-based instruction.
