Code:	CO6459
RRP:	45.95
Format:	180 x 255,
Age Range:	P-12
Category:	Professional Development
Subject:	Professional Development

Summary:

This book illustrates the power of resiliency in the lives of students striving to succeed both in school and in life. The practical, reader-friendly text presents four elements that characterise resilient learning communities: care for students, high expectations, substantive support, and participation.

The second edition of *Fostering Resiliency* features an added case study, revisits schools from the first edition, and describes how some schools stayed on track, how others fell away and then recovered, and how others are struggling to come back. School leaders will also find:

Sample questionnaires, strategies and tools for self-evaluation

A list of critical elements for curriculum, instruction and assessment practices

Important considerations for teacher and administrator roles.

See for yourself how significant student achievement is possible despite socioeconomic disadvantages, and how participants at every level can cultivate transformative systemic change.
