The Reading Puzzle: Comprehension, Years 4–8

Authors: Elaine K. McEwan

Date Available:	06 August 2008
ISBN:	1 74170 646 7
Code:	CO6467
RRP:	24.95
Format:	A4, 96 pages
Age Range:	Years 4–8
Category:	English
Subject:	English

Summary:

Can all your students read fluently, independently and with understanding? As puzzle pieces fit together to complete a picture, reading skills are dependent upon one another to make reading meaningful for students. The Reading Puzzle series helps you organise instruction to better develop students' core reading skills – including phonemic awareness, phonics, vocabulary, fluency and comprehension – to make them successful readers.

Derived from the research-based strategies in Elaine K. McEwan's bestseller *Teach Them All to Read: Catching the Kids Who Fall Through the Cracks*, these standards-based, easy-to-use activities will set students on the course to reading success.

This book offers practical techniques that include teacher modelling, guided practice and independent application, and provides creative activities and ready-to-use tools such as graphic organisers and visual prompts.

Strengthen students' comprehension with these essential cognitive strategies:

- Questioning: encouraging students to ask questions about what they read
- Summarising: helping learners understand and restate the main idea
- Monitoring: teaching students to think about how and what they read while they read
- Organising: inviting learners to represent what they've read in a graphic format

Empower students with the confidence to explore virtually any topic and enjoy the lifetime benefits of reading!
