Code:	CO6475
RRP:	24.95
Format:	A4, 96 pages
Age Range:	P-3
Category:	English
Subject:	English

Summary:

Can all your students read fluently, independently and with understanding? As puzzle pieces fit together to complete a picture, reading skills are dependent upon one another to make reading meaningful for students. The Reading Puzzle series helps you organise instruction to better develop students' core reading skills – including phonemic awareness, phonics, vocabulary, fluency and comprehension – to make them successful readers.

Derived from the research-based strategies in Elaine K. McEwan's bestseller *Teach Them All to Read: Catching the Kids Who Fall Through the Cracks*, these standards-based, easy-to-use activities will set students on the course to reading success.

This book offers practical techniques that include teacher modelling, guided practice and independent application, and provides creative activities and ready-to-use tools such as graphic organisers and visual prompts.

You can develop students' thinking skills, nurture their ability to meet the demands of any reading task, and strengthen students' comprehension by helping them:

- Activate prior knowledge
- Make connections as they read
- Infer meaning
- Predict, visualise, and ask questions
- Monitor and clarify
- Summarise their reading

Empower students with the ability to confidently explore virtually any topic, communicate and apply new information, and enjoy the benefits of lifetime reading!

Supporting Resources:

- CO6548 The Reading Puzzle: Vocabulary, P-3
- CO6513 The Reading Puzzle: Phonics, P-3
