Summary: Derived from the research-based strategies in Elaine K. McEwan's bestseller *Teach Them All to Read: Catching the Kids Who Fall Through the Cracks*, these standards-based, easy-to-use activities will set students on the course to reading success. Offering practical techniques that include teacher modelling, guided practice and independent application, this book provides creative activities and ready-to-use tools such as graphic organisers and visual prompts.

Focus your vocabulary instruction for all proficiency levels, including at-risk students, and integrate vocabulary effectively into a complete reading curriculum. Targeted vocabulary instruction includes:

- Choosing appropriate read-alouds
- Word selection and planned instruction
- "Take Five" presentation techniques
- Extensive reading
- Direct instruction lessons
- Word awareness and word-learning strategies

Use these engaging strategies to inspire students, expand their reading proficiency, and deepen every reading experience!
