### Summary:

The Engage the Brain: Games series offers practical activities that energise students, increase brain connections to content, and reinforce learning in a non-threatening atmosphere.

Use these engaging activities to supplement your curriculum goals in:

- Elements and compounds
- Animals, the human body and genetics
- Earth and life cycles
- Solar system and space science
- Energy, time and more!

Watch your students thrive and grow with creative experiences that incorporate movement, teamwork, healthy competition and interpersonal skills!
