## Summary:

Based on the most current research on cognition and the brain, this exciting book for Years 4-12 provides teachers with a systematic, reflective approach to incorporating powerful learning and content processing techniques into everyday instruction.

This invaluable book includes:

- Lesson plan templates for daily instruction
- 50 strategies to differentiate instruction based on learning levels
- Reflection questions to help teachers apply the material to their own practice.

*Deeper Learning* is a powerful tool to promote and support student progress beyond the surface level of understanding in any subject area, and help educators teach for deeper understanding and critical thinking.
