Summary:

In the 21st Century, the power of mobility has begun to play a significant role in the learning experiences of our students. The ubiquitous digital devices they use so frequently and unconsciously can be harnessed as powerful tools for learning, creativity and discovery. And, as the saying goes, “there’s an app for that.”

Apps for Learning: iPad/iPod Touch/iPhone Apps for Middle Years Classrooms continues the exciting journey through the world of educational apps. In this book, teachers are introduced to the basics found in every great apps toolkit for students. From there, the creative storytelling apps like Puppet Pals HD and powerful language skill builders like Play2Learn and Spellboard take action by inspiring and entertaining students. Take a trip across the galaxy and beyond with apps like NASA HD and Solar Walk. Create unique digital books with Book Creator, or produce a work of art with Drawing Pad.

Part of the *21st Century Fluency Series*, *Apps for Learning: iPad/iPod Touch/iPhone Apps for Middle Years Classrooms* is dedicated to making the classroom an exciting and modern learning environment. Using portable devices such as the iPad, iPod and iPhone in tandem with innovative web resources and effective learning tools, means that there is nothing your students can’t achieve in today’s digital environment.
