***Problem-Based Learning in Middle and High School Classrooms***

Author: Ann Lambros

**Date available:** 30 March 2006  
**ISBN:** 1 74101 742 4  
**Code:** CO7424  
**RRP:** \$32.95  
**Format:** 162 x 229 mm  
**Extent:** 130 pgs  
**Age range:** Middle years; high school  
**Category:** Problem-based learning; study skills; professional development

**Summary:**

This teacher-friendly, jargon-free guide to problem-based learning offers teachers an exciting, student-centred teaching method that engages learners at middle and high school levels. The ideas in this book encourage students to work together in groups to arrive at sound solutions, as well as to develop important self-directed learning skills that can be transferred to non-classroom situations.

The author also outlines what problem-based learning is, its benefits and how it can positively influence reading comprehension, social skill development, content retention and student motivation.

**Key selling points:**

- Easy-to-use format.
- Clear, informative suggestions on how to get going with problem-based learning and how to develop problems relevant to the classroom.
- Ready-to-use sample problems for different year levels.
- Self and peer assessment ideas and examples.

**Supporting resources:**

- *Problem-Based Learning: Other Curriculum Models* (2119)
- *How to Use Problem-Based Learning in the Classroom* (197166)
- *Problem-Based Learning for Maths and Science: Integrating Inquiry and the Internet* (PE4549)
