Summary:

The Active Workshop is designed for educators who need to "show" rather than "tell" in creating highly interactive workshops. Packed with anecdotes, brain-compatible strategies and checklists, the book provides practical tools for engaging participants to talk, reflect, brainstorm and stretch beyond their comfort zones. Highlights include: techniques for shifting 80% of the workshop's workload to participants, keys to enhancing retention with storytelling and laughter, methods for analysing and evaluating your presentations for ongoing improvement, and tips for extending learning beyond the workshop.
