Summary:

This interactive workbook offers proven strategies for developing resiliency – the emotional strength and constructive attitude necessary for students, schools and communities to thrive, while fostering wellbeing and promoting success for the entire school! The exercises, case studies and reproducibles are presented as a workbook to help teachers and administrators diagnose problems and implement strategies for change; assess their own readiness to facilitate resiliency initiatives; build confidence and coping capabilities in students; and partner effectively with surrounding communities. This invaluable resource supplies all the tools needed to foster resiliency and implement effective, positive improvement initiatives.
