Summary:

The foundation of any vision for excellence in assessment requires certain conditions be in place. This action guide is designed to help educational leaders review and refine their vision of excellence in assessment, examine what conditions are already in place and determine what conditions are still lacking that are necessary to achieve that vision. Leaders will learn the skills and knowledge needed to support that vision and then chart a path designed to turn that vision into reality. This award-winning book helps teachers and leaders apply the principles of assessment for learning, based on continuing learning about sound assessment practices.
