Supplemental

Resource: Download reproducible resources at go.hbe.com.au

Summary

Vocabulary at the Core, the expanded and updated edition of *Vocabulary at the Centre*, is the definitive guide for every teacher engaged in helping students learn essential academic vocabulary. In clear, precise language, Benjamin and Crow explain why vocabulary is at the core of all learning and communicating and why word study should play a more significant role in the English classroom and across the school curriculum.

You will learn

- how words get learned and stay learned
- why teachers must emphasise useful academic words
- why rote memorisation doesn't work and why students need opportunities for deep processing
- how and why to teach derivations, collocations, register, idioms and gender
- how and why to teach context clues, fluency and pronunciation
- the benefits of graphic organisers and word games in the classroom.

Each chapter includes engaging, easy-to-implement classroom applications that will fit seamlessly into your lesson plans.

BONUS! *Vocabulary at the Core* also provides ideas for formative and summative assessments.
