## Summary:

Discover how to transform your professional development and become a truly connected educator with *Professional Learning in the Digital Age: The Educator's Guide to User-Generated Learning*. Social media websites such as Facebook and Twitter have long been seen as the enemy in many classrooms, when in fact they can be used as powerful tools for teacher professional development. It has never been easier to connect with other educators around the globe using programs such as Skype, allowing teachers to swap ideas and gain real-world knowledge.

With beginner-friendly instructions and examples from real schools, *Professional Learning in the Digital Age* provides digital tools, learner-centred strategies, and exciting resources to help educators improve their professional practice and become lifelong learners. *Professional Learning in the Digital Age* features:

- In-depth explanations of curation, reflection and contribution;
- Guest appearances from digitally connected educators;
- Simple to-do lists to help you get started, and much more.

Connect to the World Wide Web and the wide world of education with *Professional Learning in the Digital Age: The Educator's Guide to User-Generated Learning*.

## Supporting Resources:

- *The Technology Coordinator's Handbook, 2<sup>nd</sup> Ed.* (IST6185)
- *From Inspiration to Red Carpet: Host Your Own Student Film Festival* (IST2989)
- *Technology Together: Whole-School Professional Development for Capability and Confidence* (IST6192)
