Learning Area: Cross-curricular

Summary:

Give your students the tools they need to motivate themselves with tips from award-winning educator Larry Ferlazzo. A comprehensive outline of common classroom challenges, this book presents immediately applicable steps and lessons plans for all teachers looking to help students motivate themselves. With coverage of brain-based learning, classroom management and using technology, these strategies can be easily incorporated into any curriculum. Learn to implement solutions to the following challenges:

- How do you motivate students?
- How do you help students see the importance of personal responsibility?
- How do you deal with a student who is being disruptive in class?
- How do you regain control of an out-of-control class? And more!

Blogger and educator Larry Ferlazzo has worked to combine literacy development with short and rigorous classroom lessons on topics such as self-control, personal responsibility, brain growth and perseverance. He uses many 'on-the-spot' interventions designed to engage students and connect with their personal interests. Use these practical, research-based ideas to ensure all of your students are intrinsically motivated to learn!
