## Summary:

Why do some sports coaches succeed every season while others suffer loss after loss? This book describes the characteristics of great coaches. Where do they focus their attention? How do they spend their time and energy? And how can others gain the same advantages?

Extending and applying the concepts in Todd Whitaker's *What Great Teachers Do Differently* and *What Great Principals Do Differently*, this book frames the landscape of successful athletic teams from the perspective of great coaches. This book isn't just about sports. This book is about life.

This book incorporates Dr Todd Whitaker's research studies on effective leadership and relates the values of interscholastic athletic programs to tie those values to education. It reveals the true joy of coaching, teaching and changing the lives of young people in positive ways. This book is a tool that will not only help you be a better coach, but also a better person.
