Summary:

This revised edition of *Friendly Schools Plus* provides evidence-based classroom materials to enhance social and emotional learning and to reduce bullying. These resources have been updated and separated into school years, with learning tasks and activities presented in a way that is developmentally appropriate to each particular year level.

The *Friendly Schools Plus* classroom resources take on a strengths-based approach, designed to improve social and emotional development in areas such as social knowledge and social skills and promoting positive peer relationships and teacher-child relationships.

Friendly Schools Plus provides schools with the strategies and resources to achieve the vision and all nine elements of the National Safe Schools Framework.

This classroom resource for Early Years students (4 year olds) covers the following areas of social and emotional development:

- Happy, sad, scary and angry feelings
- Dealing with social mistakes
- Using manners
- Sharing and taking turns
- Sorting out a problem
