## Summary:

This revised edition of *Friendly Schools Plus* provides evidence-based classroom materials to enhance social and emotional learning and to reduce bullying. These resources have been updated and separated into school years, with learning tasks and activities presented in a way that is developmentally appropriate to each particular year level.

The *Friendly Schools Plus* classroom resources take on a strengths-based approach, designed to improve social and emotional development in areas such as social knowledge and social skills and promoting positive peer relationships and teacher-child relationships.

*Friendly Schools Plus* provides schools with the strategies and resources to achieve the vision and all nine elements of the National Safe Schools Framework.

This classroom resource for Year 8 students (13 year olds) covers the following areas of social and emotional development:

- Responding to bullying
- Bystanders to bullying
- Your digital footprint
- Cyber etiquette
- Managing my mobile
