Summary:

This practical handbook provides insights into the nature of change in schools and the critical role that school leaders play in the process of change. Managing the change process ensures that school improvement efforts achieve their goals and that planned initiatives are actually implemented.

Managing Change: Leading School Improvement covers topics such as self-analysis, effective planning and reflecting on achievements. This book provides a systematic and proven approach to school improvement, enabling school leaders to approach the task with confidence.

Key selling points:

- This book is part of the Leadership & Mentoring Series.
- Practical handbook providing systematic and proven approach to school improvement.
- Includes the School Improvement Process Model (SIPM).

Supporting resources:

- *Reflective Practice: The Cornerstone for School Improvement* – HB3046
- *A Climate of Mentoring: Building Teams for School Improvement* – HB3038
- *Building Culture: A Framework for School Improvement* – HB3399
