<b>Format:</b>	180 x 255 mm
<b>Extent:</b>	56 pgs
<b>Age range:</b>	early childhood
<b>Category:</b>	early childhood development; parenting

## Summary:

Starting preschool can be an exciting, yet rather daunting, time in a child's life. *Ready, Set...Go! Off to Preschool* provides practical activities based on expected milestones in development and is designed to be used at home before, and during, the preschool experience. The simple games and activities in this book build upon what the three-year-old can already do and will help foster independence and self-confidence, while enriching intellectual growth.

While the needs of the individual child will vary the exact processes and outcomes of the learning experiences, the five major areas of development covered in the book can be used with any preschooler:

- Finger and thumbs: fine motor development
- Ready, set, go!: gross motor development
- Say what?: language development
- Cross my heart: social/emotional development
- Thinkercises: cognitive development.

*Ready, Set...Go! Off to Preschool* will help parents prepare their child for preschool in the way children learn best - through playing and having fun.

## About the author:

Becky Daniel is a parent, teacher, author and editor - four distinct yet interrelated professions. She has taught at levels from kindergarten to year eight and has, over the past 25 years, written over 200 educational resource books.

## Supporting resources:

- *Ready, Set...Go! Off to School* (HB4182)
- *Challenge your Child* (IFA0291)
- *Help your Child to Succeed – the essential guide for parents* (NE3534)

## Key selling points:

- five chapters based upon different areas of development
- specific pages for recording milestones and achievements
- clear, simple activities with helpful hints and related vocabulary
- rhyming picture cards
