RRP:	\$19.95
Format/Page No.:	A4, 98 pages
Year Level:	5–9
Focus Area:	Activities and Exercises, Assessment
Key Learning Area:	English

Summary

Each book in the *I've Got It!* series is based on a list of 35 skills that represent mastery of a particular subject matter for middle years students. *I've Got It! English Language Skills* provides reproducible activities to assess students' understanding of essential grammar and literacy skills. The tasks, each just a single page, begin with a basic knowledge question and move to higher-level questions that require students to apply the skill and think critically. Progress charts help students to easily track their current understanding, and indicate where more instruction is required. Teachers can use the activities for formative assessment, as pre- and post-tests, quick check-ups or standardised test prep. Summative worksheets allow students to integrate their new-found skills.

Among other tasks, students will be encouraged to:

- Distinguish among parts of speech.
- Correctly form singular and plural nouns.
- Identify and correct common usage errors.
- Identify and write subjects and predicates.
- Avoid common misuses of modifiers.
- Recognise and use parallel construction.
