## Summary

The use of graphic organisers as part of the writing process is important to writing success. Students who plan and write with graphic organisers

- generate and organise more ideas
- recall and analyse data
- support main ideas with appropriate details
- focus on the criteria for the specific writing assignment
- explain sequences logically
- recognise relationships between concepts
- focus on their audience
- implement good writing techniques.

In his book, *Frames of Mind*, Howard Gardner discusses how the use of visuals engages a learner's multiple intelligences. The US Department of Education reported that students with visible planning in writing score higher on most forms of mandated tests than those who did not plan.

*Graphics Organisers for Writing* is one workbook resource every teacher needs. Here are 60 graphic organisers for writing nonfiction, fiction and integrating explicit elements of good writing. Use the organisers to facilitate excellent writing.
