### **Summary:**

Do basic skills have to be boring? Absolutely not! This series uses exciting adventures and delightful characters to help teach fundamental skills and provide a foundation for learning. The books address specific content areas, present tasks that grab the attention and curiosity of students, contain clear directions to the students, ask students to use, remember and practise basic skills, and challenge students to be creative and analytical.

Kids love learning about topics such as galaxies and glaciers, thunderstorms and time lines, and elephants and encyclopedias. The *Basic not Boring* series contains hundreds of inventive, ready-to-use lessons that invite students to join an adventure, solve a puzzle, pursue a mystery or tackle a problem. Each book combines nearly 300 pages of age-appropriate teaching resources, with integrated activities in the key learning areas of English, maths, society and environment, and science.

### **Key selling points:**

- Covers map skills, measurement, grammar usage, writing skills, problem solving and more.
- Each section contains a list of skills for a content area, student exercises, a ready-to-use assessment tool and complete answer keys.
- Provides tools for reinforcing concepts and skills and for identifying areas that need additional attention.

### **Supporting resources:**

- *Basic Not Boring Years 3-4* (INA4163)
- *Basic Not Boring Years 4-5* (INA4164)
