A major part of any 1:1 initiative is keeping parents informed on the ins and outs of having mobile devices around the home. Part of the disruptive effect mobile devices have on learn also impacts home life. *The Parent's Guide to Supporting Digital Age Learners* offers insight and guidance for parents facing some of the new challenges that mobile devices can bring into the household, including concerns about screen time, cyberbullying and digital footprints.

The book offers advice, tools and scenarios parents can use with their children to
