RRP:	\$55.95
Format:	A4, 196 pages
Age Range:	Primary/High School P—12
Category:	Technology
Subject:	Computer Software/Multimedia/ Technology

Summary:

Videoconferencing for K-12 Classrooms includes a comprehensive review of current (and near-future) options for building an effective videoconferencing program, from initial planning to teacher training, implementation and assessment. The authors, experts in both videoconferencing and education, introduce concepts in a fresh, engaging and easy-to-digest format with multiple examples, case studies, fully vetted resources and practical tips that you can use to develop or enhance your videoconferencing. No longer bound by the walls of the school building, the classroom of today is truly global. Videoconferencing for K-12 Classrooms is the key to making the world accessible for both teachers and students.
