Format:	180x255
Age Range:	P-12
Category:	School-Home
Subject:	Information and Communication Technologies

Summary:

As a parent, do you ever wonder how you can possibly keep up with technology? Children view digital culture as a normal way of life, even though you may feel overwhelmed by talk of social networking, cyberbullies and identity theft. Raising a Digital Child is your guide to enable your child to enjoy the benefits of a digital society - safely. Inside, you will learn about many of the newest and most popular technologies, the risks each might harbour and the behaviours that every child should learn in order to become a good citizen in this new digital world.

Supporting Resources:

- Safe Practices for Life Online (IST2677)
- Videoconferencing for K-12 Classrooms (IST0994)
- Toys to Tools: Connecting Student Mobile Phones to Education (IST2691)
- Poster: NETS-T: National Educational Technology Standards for Teachers (HBP251)
