Summary:

Containing dozens of classroom-tested exercises and hundreds of resources, *Safe Practices for Life Online* offers practical advice to help middle and high school students stay safe by making better choices and minimising their risks. What personal information can a student's user name reveal? What is the most effective way to create a secure password? What should a student do if he or she is bullied online? Do your students understand how to spot a phishing scam? How should students respond to challenging situations online? These are just a few of the important subject areas covered in this essential guide.
