Summary:

With a large selection of articles from each of the regular sections of ISTE's award-winning magazine, The Best of Learning & Leading with Technology is an excellent resource for users of educational technology at all levels of experience. Along with the original articles, the book includes commentary and context, plus new contributions from the authors, who further discuss the issues and topics of their articles and how they've affected the ed tech world. As well as provocative columns, insightful features and practical tips, a full-colour section showcases some of the best artwork and covers from the L&L design team.
