Summary:

Integrating global education into standards-based lessons allows students to connect personally with their peers across geographical boundaries, expand their knowledge and awareness of the world, and increase their interest and curiosity in what they are learning. Global Education is a guide to get you started. It provides an introduction to global networks such as iEarn and ePals, an overview of Web 2.0 tools that support global learning and hundreds of Web resources. No matter the year level or subject area, Global Education's numerous examples and lesson plans will provide you with ideas and inspiration for bringing your students the world.

Supporting Resources:

- Videoconferencing for K–12 Classrooms (IST0994)
- Transforming Classroom Practice (IST2707)
- 1-to-1 Learning: Laptop Programs that Work (IST2554)
