A Guide to Getting Your Voice Heard

Hilary Goldmann

Summary:

You have the power to effect change. Without your voice, elected officials can too easily forget the needs of schools and digital-age learners, and funding can slip through the cracks. As a passionate member of the ed tech community, stand up and make your voice heard! Hilary Goldmann, ISTE's senior government affairs officer, has put together this guide to help you.

With *Advocacy and Educational Technology*, you will develop a better understanding of the issues facing educational technology, learn about the programs that shape your ability to provide an effective education, and help ISTE and its members transform education in the digital age.
