Technologies

## Summary

Finding tools and apps for the classroom is easy. Understanding how to use them effectively in a lesson – that’s another story. This revised edition of *Web 2.0: How-To for Educators* not only introduces an expanded list of Web 2.0 tools, but it expertly leads you through classroom and professional applications that help improve student and teacher learning. From Google tools and virtual environments to apps such as SoundCloud, explore the very best Web 2.0 has to offer for educators.

Each tool is explored through these critical questions:

- *What* is it?
- *Why* is it useful?
- *When* should you use it?
- *Who* is using it?
- *How* can it be used effectively?
- *Where* can you find additional resources?

*Web 2.0: How-To for Educators* offers the most comprehensive list of digital learning tools available. With practical examples from educators around the world, you’ll discover a wealth of ideas for integrating Web 2.0 technology into your classroom or school.
