

# Get Active: Reimagining Learning Spaces for Student Success

Author(s): Dale Bayse, Peggy Grant, Stefanie Hausman & Tod Johnston

**Date Available:** March 2017  
**ISBN:** 978 1 76001 983 9  
**Code/SKU:** IST9839  
**RRP:** \$29.95  
**Format/Page No.:** A4, 182 pages  
**Year Level:** Teachers and Administrators  
**Focus Area:** Professional Development,  
School Improvement  
**Key Learning Area:** Cross-Curricular

## Summary

Active learning spaces offer students opportunities to engage, collaborate and learn in an environment that taps into their innate curiosity and creativity. Students well versed in active learning – the capabilities that universities, vocational schools and the workforce demand – will be far more successful than those educated in traditional classrooms.

*Get Active* is a practical guide to inform your thinking about how best to design schools and classrooms to support learning in a connected, digital world. From classroom redesigns to schoolwide renovation projects and new building construction, the authors show the many ways that active learning spaces can improve the learning experience. You'll find dynamic case studies as well as exercise and opportunities for reflection.
