Key Selling Points:

- Features tested and proven, re-usable Kagan structures
- Includes nearly 200 reproducible activities
- Understand and make the most of your students' multiple intelligences

Summary:

This book will help make multiple intelligences come alive in your classroom! It features 10 easy-to-use, use-again structures that engage and develop your students' multiple intelligences. Each structure has numerous fun and creative reproducible activities, nearly 200 in all! Also includes easy-to-understand descriptions and indicators for each intelligence to share with your students. This is a terrific resource for teachers to help students learn in many ways, and to make learning much more engaging.
