Age Range: P-6
Category: Cooperative Learning
Subject: English

Key Selling Points:

- Heaps of reproducible blackline masters for your Mix-N-Match card sets
- Integrates cooperative learning, thinking and movement
- Students have fun and learn English skills at the same time

Summary:

Students each get a Mix-N-Match card related to the topic. They move about the room quizzing each other and trading Mix-N-Match cards. You call, 'Freeze!' They then rush to find a partner with the matching card. 'Does your word fit between my dictionary guide words?' 'What part of speech is my word?' Students enjoy mixing and matching so much, they hardly realise they are repeatedly quizzing each other and mastering the content. Book includes reproducible Mix-N-Match card sets for: abbreviations, antonyms, classifying nouns, contractions, dictionary guide words, double letter spelling words, fact and opinion, homonyms, parts of speech, prefixes and synonyms.
