Summary:

Students each get a Mix-N-Match card related to the topic. They move about the room quizzing each other and trading Mix-N-Match cards. You call, 'Freeze!' They then rush to find a partner with the matching card. 'What time am I?' 'How much do my coins add up to?' Students enjoy mixing and matching so much, they hardly realise they are repeatedly quizzing each other and mastering the content. Book includes reproducible Mix-N-Match card sets for: Basic operations, coins, division, equivalent fractions, fractions and percents, graphing ordered pairs, measurement conversion, multiplication, place value, reading time, Roman numerals, subtraction.
