Subject: Maths

Key Selling Points:

- Full of reproducibles
- Tried and tested teacher-friendly lesson plans for numeracy and mathematics
- Teach maths using literature and cooperative learning
- Proven management tips for teachers

Summary:

This primary cooperative learning maths book is a bestseller! You teach mathematics with your students' favourite literature. You'll find 36 step-by-step cooperative lesson plans to teach: counting, patterning, geometry, classifying, graphing, numerical order, addition, subtraction, fractions, measurement and time. Crammed with reproducibles, and Lorna Curran's proven management tips, this book is guaranteed to transfer a love of literature into a love of mathematics.
