## Key Selling Points:

- Closely examines the benefits of using cooperative learning in your classroom
- Includes 19 detailed lessons with accompanying readings and key concepts
- Great for providing hands-on experience in cooperative learning to teachers new to its theories and practicalities

## Summary:

This book provides cooperative learning lesson plans and readings for educating pre-service and in-service teachers. The unique feature of this book is that in each of the 19 lessons, teachers learn about cooperative learning by taking part in cooperative activities. Cooperative learning is the instructional strategy and the curriculum. Topics covered include: CL techniques, components of CL, theory on CL, pros and cons of CL, teaching collaborative skills, CL and assessment, cooperation among teachers, and constructing lessons using CL.
