

# Hawker Brownlow Education

# Nurturing the Naturalist Intelligence

Authors: Dr Wan Inn Loh and Dr George Jacobs

**Date Available:** 1 February 2008  
**ISBN:** 1 74170 193 7  
**Code:** KA1937  
**RRP:** \$59.95  
**Format:** A4, 474 pp  
**Age Range:** Years 3-8  
**Category:** Geography, Science  
**Subject:** Multiple Intelligences

## Key Selling Points:

- Over 150 engaging, cooperative lessons
- 9 nature-based units including hot topics such as water, waste and genetics
- Captivate students with ready to use activity sheets

## Summary:

This giant collection of hands-on, minds-on interactive lessons will give you plenty of content and ready-to-use activities to awaken students' inquisitiveness about the natural world. Units cover cooperation and interdependence, pollinators' role in the web of life, nature's recycling process, food, trees, water, animal survival and adaptation, spiders and individual uniqueness. Whether you're looking for a complete natural science curriculum or want to supplement your curriculum to nurture students' budding naturalist intelligences, this is your source.
