Key Selling Points:

- Promote cooperative learning and stimulate concrete understanding of concepts
- Perfect for use with Fraction Fun through Cooperative Learning
- Create fraction sets for your whole class

Summary:

Use these colourful manipulatives to promote cooperative learning in your classroom! Designed to complement Laurie Kagan's Fraction Fun through Cooperative Learning, your students will love this hands-on approach to maths. This manipulative packet comes complete with colour-coded fraction manipulatives: wholes, halves, thirds, fourths, fifths, sixths, eighths, tenths, twelfths, sixteenths and easy-to-assemble concrete and symbolic fraction dice and spinners.
