Author: Kagan

Date Available: 16 July 2007
ISBN: Various – see below
Code: Various – see below
RRP: \$24.95 (set of 32)
Format: A3, set of 32
Age Range: Middle Years, Years 5–9
Category: Cooperative Learning
Subject: Humanities

Key Selling Points:

- Promote cooperative learning with these engaging activities
- Use the same posters multiple times with different areas of interest
- Create a fantastic visual display in your learning centre

Summary:

Create maximum engagement with minimal preparation and supervision. Students have fun and deepen their understanding of the curriculum as they create poster masterpieces. Your students will use their thinking and creativity skills as they complete these mini-projects. What a terrific way to explore the humanities! Students create personalised posters while examining topics from many subjects across the humanities spectrum. Posters create excitement and require little direction and supervision. Each student poster includes numerous highly-motivating activities. Poster Projects are great for team projects, independent activities, sponge activities and learning centres. Each set includes 32 of the same, A3-sized poster pages.
