Key Selling Points:

- Ready-to-use engaging activities for your classroom
- Use the same posters multiple times with different stories or vocabulary words
- Promote cooperative learning through shared creativity and artistic endeavour

Summary:

Create maximum engagement with minimal preparation and supervision. Students have fun and deepen their understanding of the curriculum as they create poster masterpieces. Your students will use their thinking and creativity skills as they complete these mini-projects. Students create a poster based on a book, story or vocabulary words. These mini-projects are a great way to boost motivation and comprehension. Each student poster includes numerous highly-motivating activities. Poster Projects are great for team projects, independent activities, sponge activities and learning centres. Each set includes 32 of the same, A3-sized poster pages.
