RRP: \$29.95
Format: A4, 128 pp
Age Range: Primary, Years 3–6
Category: Thinking Skills
Subject: Study Skills

Key Selling Points:

- Ready-to-use thinking activities to energise your students' brains
- Designed to sharpen important thinking skills, such as analysing, brainstorming and problem solving
- Fun and engaging real world activities will delight your students

Summary:

Teachers who want to help students become better thinkers provide a program that awakens and strengthens the whole brain. This means planning a classroom with many interesting activities requiring students to exercise the full range of creative and critical thinking skills.

In this book, you will find more than sixty quick, manageable activities that provide practice in over two dozen fundamental thinking skills, ranging from analysing to visualising.
