Ten-Minute Grammar Grabbers

Author: Murray Suid

Date available:	26 September
ISBN:	1 74101 214 7
Code:	MMA2028
RRP:	\$29.95
Format:	205 x 295 mm
Extent:	96 pgs
Age range:	Early childhood
Category:	Classroom Practice, Literacy

Summary:

Although the study of grammar goes in and out of fashion, most accomplished writers and editors agree on this: understanding grammar is a vital step in language mastery. Through the quick and easy projects in this book, students will learn sentence basics while using language creatively. The book focuses on parts of speech and sentences.

Key selling points:

- Provides fun and interactive ways for young children to learn about grammar.
- Includes worksheets for teachers that are ready for use and gives great classroom ideas.
- Incorporates real world examples into the activities.
- Illustrates the nine parts of speech.
- Provides information on teaching English as a second language.
