<b>Subject:</b>	Maths, English, Art, Science

### Key Selling Points:

- Loaded with fun activities across the curriculum
- Promotes cooperative learning and positive classroom interaction
- Includes user-friendly four week unit with heaps of reproducibles

### Summary:

Children enjoy discovering how plants grow. Learning how to take care of plants builds a child's self-esteem by developing a feeling of responsibility. The activities contained in this unit encourage both cooperation and positive classroom interaction. At the same time, they reinforce and expand the children's knowledge and skills in all of the important curriculum areas.
