Subject:	English

Key Selling Points:

- Ideal for learning centres
- Enrich and supplement basic phonics programs
- Raises children's enthusiasm for learning

Summary:

This title provides hands-on activities that allow children to practise their beginning reading and phonics skills. This is a book of phonics activities and games designed to enrich and supplement basic phonics programs for children in years 1-3. It targets some of the essential building blocks for developing the relationship between sounds and their written symbols. The activities are ideal for learning centres as well as the classroom.
