## Summary:

Coaching is a powerful agent for change and a proven method for improving individual and team performance. Its success derives from an understanding that all meaningful progress is driven from within. *Coaching Solutions* is one of the first books to take coaching out of the world of business and sport and place it in education. Authors Will Thomas and Alistair Smith offer practical advice to help individuals, teams and organisations secure the improvements they want.

*Coaching Solutions* is a flexible guide to coaching in schools and includes sections on what coaching is, how to begin and how to develop an effective coaching program. It uses dialogues and case studies and cites evidence of success. Written in a comprehensive style, *Coaching Solutions* is a school's passport to progress.

## Key selling points:

- Includes eleven comprehensive chapters for introducing and implementing a coaching program.
- User-friendly format with diagrams, blackline masters, chapter summaries and masterclass examples.
- Categorised bibliography for further coaching education and list of useful websites.
- Tips for improving communication, advancing the coaching programs and self-management ideas for the coach.

## Supporting resources:
