Summary:

This book is the perfect companion to *Coaching Solutions*, the original ground-breaking education coaching text. Coaching is a powerful agent for change and a proven method for improving individual and team performance. Its success derives from an understanding that all meaningful progress is driven from within. The *Coaching Solutions – Resource Book* provides practical ways to help individuals, teams and organisations secure peak performance through a coaching approach. It contains a concise summary of all of the key elements of coaching practice, along with a well-organised and accessible bank of resources for coaches of both adults and school students.

Key selling points:

- Explicit information on what coaching is and how it can improve education.
- User-friendly format with diagrams, blackline masters and detailed activities that include follow-up ideas.
- Categorised bibliography for further coaching education and list of useful websites.
- Features six chapters on practical tools for coaches including overcoming obstacles, making decisions and evaluating progress.

Supporting resources:

- *Coaching Solutions – Practical Ways to Improve Performance in Education (NE7033)*
- *Designing the School Leader's Portfolio (CO7483)*
- *Collaborative Peer Coaching That Improves Instruction (CO4441)*
- *Cognitive Coaching (2441X)*
